

**Position Statement of Intelliconnect (Europe) Ltd.
Concerning the EU REACH Regulation**

Dear Customer,

We refer to your request for compliance with the REACH Regulation.

Intelliconnect (Europe) Ltd. is aware of, and assessing, developments in European Union legislation regarding the registration, evaluation, authorisation and restriction of chemicals pursuant to the REACH Regulation (EC) 1907/2006, which entered into force on 1 June 2007.

Intelliconnect (Europe) Ltd. is aware that under the REACH Regulation the “manufacturer” and “importer” as well as “downstream user” of chemical substances, on their own, in mixtures or in articles, which fall within the definitions of the REACH Regulation; bear certain responsibilities with respect to manufacturing, importation, placing on the market and use of chemical substances.

Under the definitions of the REACH Regulation, Intelliconnect (Europe) Ltd. is considered to be a downstream user.

The key aspects of Intelliconnect (Europe) Ltd. implementation of REACH include, among others.

- Intelliconnect (Europe) Ltd., does not manufacture or import into the EU any substance in quantities of one tonne or more per year and does not produce or import articles containing a substance in quantities of more than one tonne per producer/importer per year which is intended to be released from the article under normal or reasonably foreseeable conditions of use. Therefore, Intelliconnect (Europe) Ltd. is not under the obligation to register substances under REACH. It is anticipated that Intelliconnect (Europe) Ltd. suppliers carry out all necessary registrations in a timely manner or any required timescales.
- Intelliconnect (Europe) Ltd. is aware of the Candidate List of Substances of Very High Concern (SVHC) published by the European Chemicals Agency (<https://echa.europa.eu/candidate-list-table>), and of the fact that, being a supplier of articles, Intelliconnect (Europe) Ltd. has a responsibility to identify any SVHC contained in its articles in concentrations above 0.1 % w/w and to communicate sufficient information, available to the supplier, on SVHC to the recipients of those articles and, upon request, to consumers.

Intelliconnect (Europe) Ltd. is making its best efforts to compile the information required to meet the requirements under Article 33 of the REACH Regulation and commits itself to constantly pursue those efforts in order to be able to provide the information required to be provided under Article 33 of the REACH Regulation as soon as to the extent it is in a position to do so.

On the basis of information provided to Intelliconnect (Europe) Ltd. from its suppliers, SVHC have not been identified in any products. Based on your purchase history with Intelliconnect

(Europe) Ltd and in conjunction with the Candidate List of SVHC for Authorisation no SVHC are noted. Intelliconnect (Europe) Ltd. products do not contain substances as listed in Annex XVII of the REACH regulation.

Intelliconnect (Europe) Ltd., will continuously monitor the Candidate List as it gets revised and will provide all required and current information if SVHC in a concentration above 0.1% w/w are identified in an article supplied.

We will closely monitor any relevant REACH issues and will continue to adapt our compliance strategy to known changes with regard to the REACH requirements as they occur.

Should you require any further information on REACH and how it may affect your transactions with Intelliconnect (Europe) Ltd. please contact your usual contact in Intelliconnect (Europe) Ltd.

Yours sincerely
