Re: United States Utility Patent Application – **Continuation-in-Part (CIP)**
Title: **A FIELD EFFECT TRANSISTOR WHICH CAN BE
BIASED TO ACHIEVE A UNIFORM DEPLETION
REGION**
Serial No.: 15/920,250
Filed: March 13, 2018
WN Ref.: 19999.1.1.1

Dear Alfred:

We have recently been notified by the U.S. Patent and Trademark Office that the above-identified patent application will issue as Patent No. 10,084,054 on September 25, 2018. As soon as we receive the original red ribbon patent we will forward it to you.

You may wish to commence preparation to mark all products covered by one or more claims of this patent with the patent number.

Cordially,

WORKMAN NYDEGGER

JOHN C. STRINGHAM
