Your supplier of choice
Coaxial Monopulse
Comparators

PMI offers a variety of Monopulse Comparators, with various options as well as custom specified hardware.

Features:

- Frequency coverage up to 21.2 GHz
- Rugged Coaxial Design
- Low VSWR
- High power handling with minimum insertion loss
- High Isolation between channel ports for optimum phase and amplitude balance
- Each unit has a unique serial number and date code
- Swept Data with each unit, supplied with every delivery

Options:

- Custom designs for narrowband and specified frequencies
- Form, Fit & Function Designs
- Various Connector Options
- Operating temperature ranges from -54°C to +95°C
- Hermetic Sealing available

[Military & Aerospace Screening available](#)
